

FRONTIER

Turf Type Perennial Ryegrass

FRONTIER perennial ryegrass is a proven performer in overseeding and permanent turf. It has a rich, deep green color that enhances the turf inputs that a professional grounds manager or golf superintendent desires.

FRONTIER has been used in high quality golf fairway cut turf in tournament and resort venues. It has an excellent dark genetic color. It is easy to establish and takes a short cut to create beautiful fairways, greens, tees and athletic turf., FRONTIER is endophyte enhanced to help in stress periods.

FRONTIER has been used in premier resort golf overseeding from Arizona to coastal Carolinas with excellent results. try some today!

Permanent Northern Turf:
New Lawns: 6# per 1000 square feet
Overseed: 3# per 1000 square feet
Sports turf: 10# per 1000 square feet

Dormant Southern Overseeding:
Lawns & Fairways: 8-15 # per 1000 square feet
Tees and Greens: 20-35 # per 1000 square feet

- + The really dark green ryegrass -
- + Developed for overseeding & sports turf
- + Less inputs for fertility with deep color
- + Endophyte enhanced for stress tolerance

Turf Features

Germination Time - Fast

7 to 10 days is normal in spring and fall with irrigation

Growth habit - bunch grass
