RESOLUTION

KENTUCKY BLUEGRASS

Resolution is a new release that emphasizes faster germination and low seed dormancy. Its lineage results from the combination of two known and successful cultivars, Jersey and United. This unique combination does not conform to any orthodox Kentucky bluegrass type. **Resolution** features moderate coloration, fine leaves, and a dense growth habit, allowing it to self-repair effectively. It exhibits superior spring green-up, excellent summer performance, and exceptional tolerance to low mowing. With a seed count of over 1 million per pound, combined with its quick germination, it provides rapid and thorough coverage.

2024 TURF DATA:

TEST	LOCATION	2024 AVG TURF QUALITY
2023 KBG NTEP	ADELPHIA	5.58
2023 KBG RUTGERS	ADELPHIA	5.52
2023 KBG NTEP	UMASS AMHERST	5.16

FACTS:

- Quick Germination
- Dense Growth Habit
- Superior Spring Greenup
- Tolerates Low Mowing

APPLICATIONS:

- Sports Turf
- Residential Lawns
- Commercial Properties
- Parks
- All Golf Applications

SEEDING RATES:

- New Establishment:
  3-5 LBS/1000 sq. ft.
- Overseeding:
  1-3 LBS/1000 sq. ft.

Estimated Seeds per pound: 1,000,000
